PHILOSOPHY OF MIND

Answer three questions only.

Write the number of the question at the beginning of each answer. If you are answering an either/or question, indicate the letter as well.

STATIONERY REQUIREMENTS
20 Page Answer Book x 1
Rough Work Pad
1. What is the role of observation in our knowledge of our own mental states?

2. Do we make judgments about the mental states of others by means of a theory?

3. What makes the hard problem of consciousness hard? Should we expect it to have a solution?

4. EITHER (a) Does pain represent anything?
   OR (b) ‘Lots of people have unconscious thoughts about their thoughts.’ Discuss with reference to philosophical theories of consciousness.

5. Does our ability to think about things that do not exist show that intentional states are not relational in nature?

6. Where does content fit in a naturalistic world?

7. If a thought is outside of my head, how can it get me to do anything?

8. ‘The only criterion of what people really want, and of what they really like, is what they do.’ Is that right?

9. Has the judgment theory of emotion been refuted?

10. Can we only imagine what we have experienced?
